

## **IoT Software Engineer in Munich (m/w/d)**

*Vizoo GmbH, Johann-Karg-Str. 30, 81825 Munich, Germany*

### **About Vizoo**

Vizoo was founded in 2013 and provides cutting-edge hardware and software to measure material surfaces for 3D product visualization. It consists of a competent team with a passion for digitization and automation, located in two offices in Germany.

The main products, the xTex scanner and xTex software, measure the visual properties of a material's surface and process the data into seamlessly repeatable 3D texture maps. Furthermore, using an experienced team of 3D artists, Vizoo offers material digitization as a service.

After 5 years in business, Vizoo can already count many of the biggest automotive & fashion companies amongst its clients. Together with a broad network of partners, the Vizoo xTex scanner is distributed and used all over the world to create digital materials for virtual prototyping.

If you are interested to join our team, please send your CV and a cover letter to [jobs@vizoo3d.com](mailto:jobs@vizoo3d.com).

## IoT Software Developer in Munich (m/w/d)

We are looking for a software developer to work full-time in our Munich office. Your task is to design and develop new IoT applications.

### Roles and Responsibilities

- Work as the interface for our hardware and software development teams
- Based on our core product, design, implement and operate software parts of a full IoT technology stack
- Develop end-to-end applications using cloud solutions (e.g. AWS, Azure)
- Manage devices, networks, and applications

### Requirements

- Bachelor or Masters degree in **Computer Science, Software Engineering** or similar qualification.
- 3+ years of experience in IoT Application development
- 2+ years of experience in IoT Architecture
- Good knowledge of relational and non-relational databases and server side languages
- Entrepreneurial spirit: You create things from scratch and take calculated risks
- Act as a teamplayer, good communication skills
- Plus: Experience in Mobile Technologies (iOS, Android platforms)
- Plus: Experience in Computer Vision or Machine Learning
- Plus: Basics in German

### What we offer

- Participating in the creation of products that are utilized globally, with you directly able to apply your own ideas
- Flexible working hours, adjustable to your lifestyle
- Working in a dedicated, international and diverse team
- Further education opportunities
- Free fruit, coffee, drinks, and petting the office dog

If you are interested, please send your cv and application letter to [jobs@vizoo3d.com](mailto:jobs@vizoo3d.com), and hopefully see you soon.
