

## **3D Senior Designer in Munich (m/w/d)**

*Vizoo GmbH, Johann-Karg-Str. 30, 85540 Haar, Germany*

### **About Vizoo**

Vizoo was founded in 2013 and provides solutions in the area of material digitization. Our cutting-edge hardware and software *made in Germany* generate true to life materials and fabrics is a foundational component for 3D fashion and product visualization. Vizoo consists of a competent and diverse team of 25 employees from 9 countries united by the passion for digitization and automation, located in two offices in Germany as well as one in the US.

The main products, the xTex scanner and xTex software, capture the visual properties of a material's surface and process the data into seamlessly repeatable 3D texture maps. Furthermore, using an experienced team of 3D artists, Vizoo offers a material digitization and render services.

After more than 8 years in business, thanks to the drive of our people, Vizoo has established an excellent reputation delivering innovative hard- and software as well as high quality services. Vizoo products are part of the digital transformation efforts of the biggest automotive, interior & fashion companies. Together with a worldwide network of partners, the Vizoo xTex scanner is distributed and used in more than 40 countries to create digital materials for all kinds of application areas like 3D design, virtual showrooms and configurators.

## Senior 3D Designer in Munich (m/w/d)

*Vizoo GmbH, Johann-Karg-Str. 30, 85540 Haar, Germany*

### What we are looking for

We are looking for an experienced 2D & 3D artist with a passion for creating true-to-life materials and beautiful content. You will be reporting to our head of design and responsible for upholding a consistent visual language with high recognition value across all content created as well as a professional branding. You dare to think outside the box, create despite boundaries and bring an interest in 3D fashion and digital materials.

### Your Responsibilities

- Create high-end artistic, true-to-life renderings
- Conception of internal Marketing or client specific content (2D as well as 3D)
- Coordinate with internal teams (like Marketing, Sales, Design) to collect the need for assets as well as understand their purpose and what they should communicate
- Act as subject matter expert for rendering and image composition and ensure internal knowledge sharing by acting as an coach for our 3D artists
- Create a visual language which communicates the core strengths and expertise of Vizoo as a brand
- Take full responsibility for the quality output of digital materials & renderings

### You will bring

- Working experience in a relevant position and professional portfolio
- High proficiency in 2D and 3D applications (e.g. Blender, Keyshot, Adobe Photoshop and Substance)
- Good understanding of layout rules, UX and UI Design
- Profound knowledge of digital image processing, image composition and texturing
- A meticulous eye for detail
- The ability to work autonomously as well as part of a team
- Ability to communicate fluently in English and German
- A service orientated mindset will be essential to deliver the content requested by our internal and external stakeholders

## What we offer

- Experience a highly dynamic work environment where you can bring in your own ideas
- Be part of a passionate, international, and diverse team and a fast growing company with flat hierarchies
- Together we are strong - let's grow your career by developing your strengths further
- Participating in the creation of innovative products that are utilized by the biggest brands and manufacturers of the fashion, interior and automotive industry worldwide
- Flexible working hours, adjustable to your lifestyle
- Free fruit, coffee, drinks, and petting the office dog

If you are interested, please send your CV and professional portfolio to [jobs@vizoo3d.com](mailto:jobs@vizoo3d.com), and hopefully see you soon.
